

# How to add a Manager to a Youtube Channel

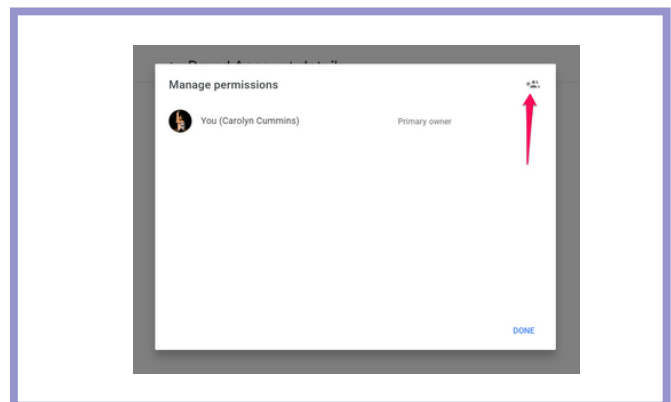

Click Avatar in right corner.  
Click Settings

Click Add Managers.

Click Manage Permissions. This might prompt a double authorization that happens with Google to verify the account.

You may have to go back and click Manage Permissions again. Then click the Add Icon and enter the persons email, assign a role. For Santosha Solutions, please add [ckcummins@gmail.com](mailto:ckcummins@gmail.com) as a manager.
